

GRAPHIC DECALS

WILL FIT CLUB CAR® PRECEDENT®

INSTALLATION INSTRUCTIONS

INCLUDED:

2 Front Graphics
2 Rear Graphics

TOOLS NEEDED:

Scissors
Masking Tape
Squeegee (03-043 sold separate)

Madjax recommends professional installation. If you choose to not have this product installed by a professional, we highly recommend that you exercise caution, care, and patience when installing this product as it involves drilling holes into your cart's body.

1

NOTE: Before installing graphics, wipe down cart body with alcohol wipes.

Trim a quarter inch from edge of graphic as shown. (Front decal shown)

Tape graphic on cart body as shown, using cart trim as a guide for placement.

2

(A) Peel film from back of graphic halfway.

(B) Cut white film with scissors leaving remainder of film on back of taped down graphic.

3

Use squeegee (03-043) start from the center of the graphic and smooth outwards while pulling graphic tight with opposite hand.

4

On the opposite end, pull white film back but not completely off. Starting from the center of the graphic, smooth outwards flattening any bubbles while simultaneously pulling the rest of the film off.

NOTE: If any air bubbles remain, use a razor blade tip to slightly puncture, then smooth over with Squeegee (03-043).

Repeat Steps 1-5 on other graphics.

INSTALLATION COMPLETE
